

## Beispiele für Acetylenchemie:

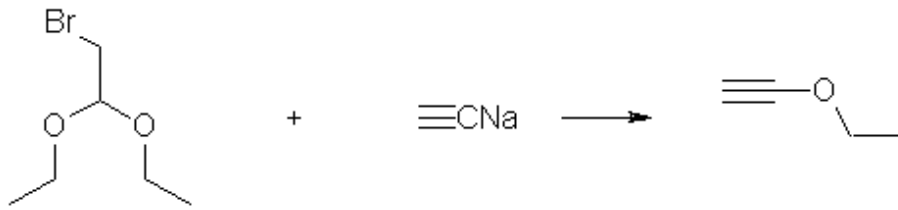

Größenordnung: Von kg-Mengen bis zu mehreren 10 t

## Examples for Acetylene reactions:

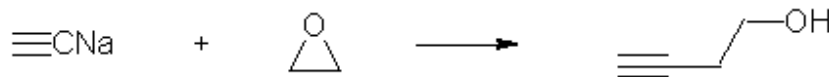

Production scale: from kg-quantities up to several 10 tons

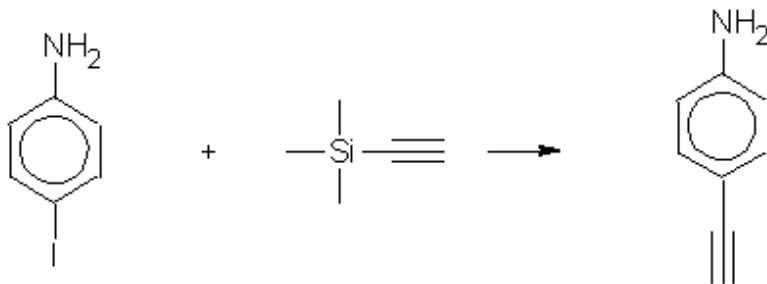

Addition an die Carbonylfunktion

Synthese von Acetylenethern

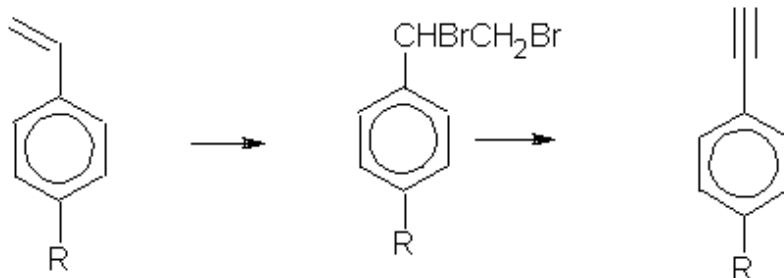

Addition an Epoxide

Phenylacetylene...

...durch aromatische Substitution

...durch HBr-Eliminierung an vic-Dibromalkanen
